

AERO ENGINE SOLUTIONS

COMPANY PROFILE 2026

**SUPPLYING THE
AVIATION INDUSTRY,
ONE ASSET AT A TIME**

WELCOME TO OUR COMPANY

Aero Engine Solutions, Inc. (AES) focuses on the supply of commercial aircraft parts, components, and accessories through the sourcing and disassembly of the whole aircraft. In addition, our expertise covers engine leasing and logistics support. Our customers include many of the world's leading Airlines, MROs, Aircraft Leasing Organizations, and Financial Institutions. We are committed to providing the highest level of quality, integrity, and value, all while meeting the critical needs of our customers.

Our Quality System has met the requirements of the Aviation Suppliers Association's Quality System Standard "ASA - 100" and FAA Advisory Circular 00-56B.

VISION & MISSION

Vision

To be one of the world's premier engine solutions providers and engine parts suppliers.

Mission

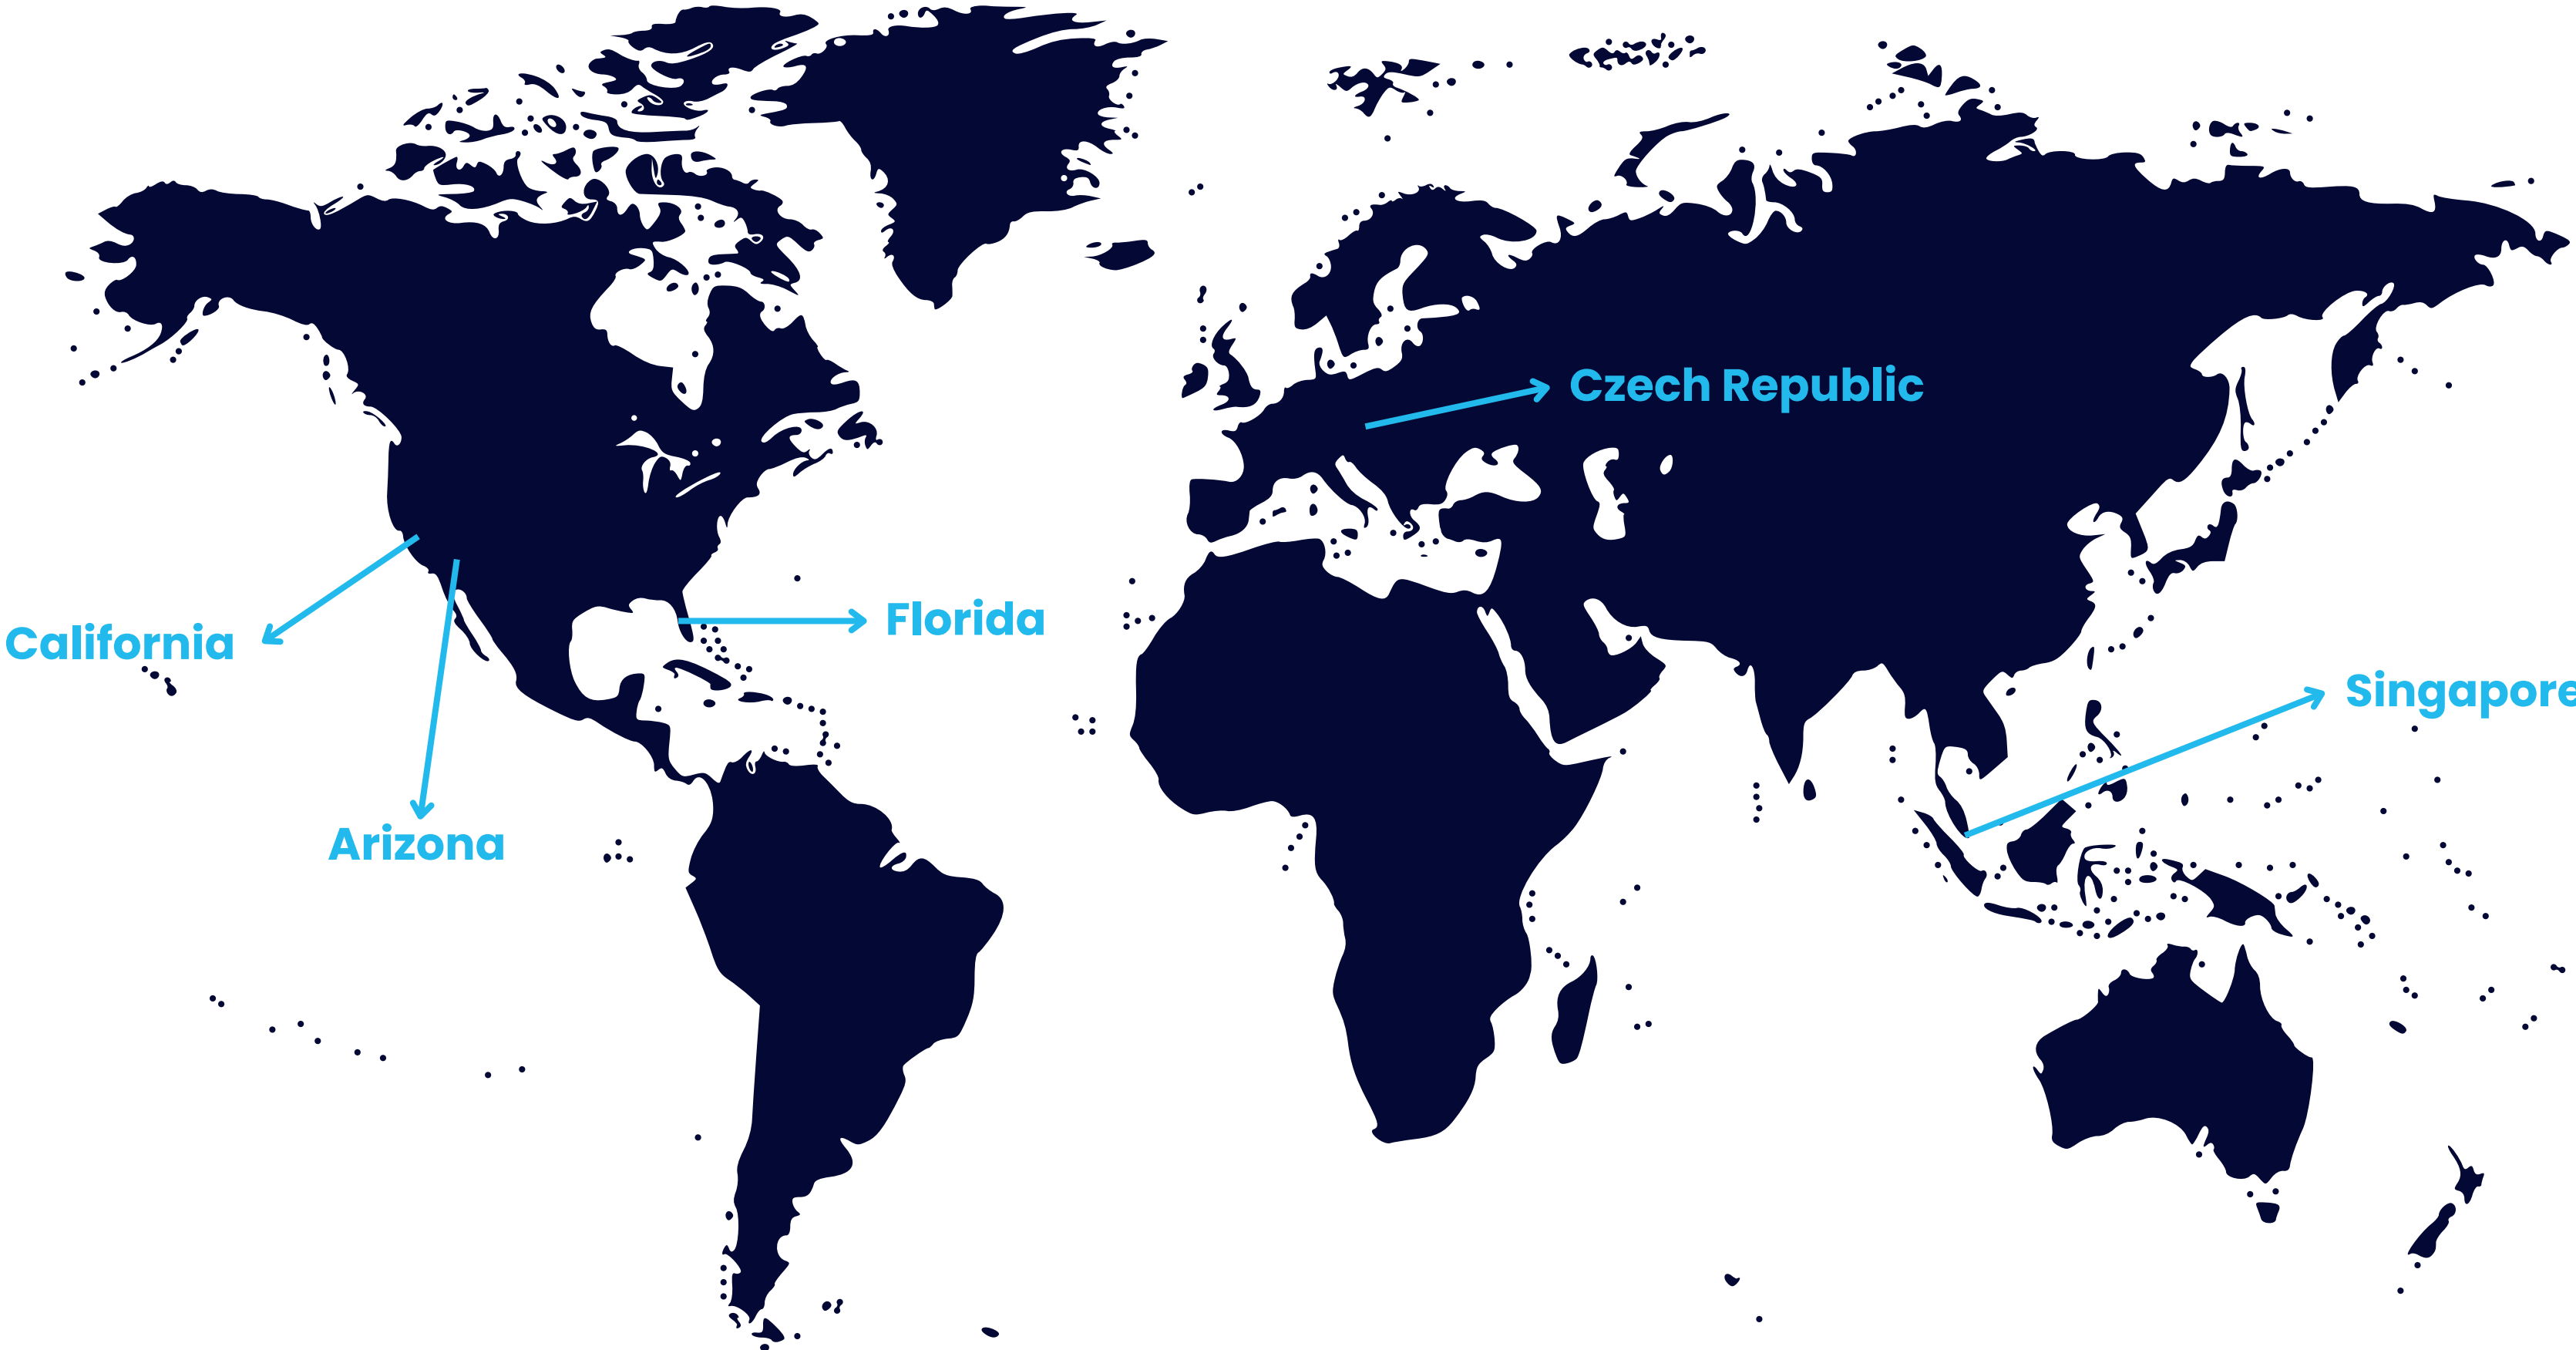

To invest in, transform, and provide the best engine solutions to our customers and business partners globally.

OUR COMMITMENT

Aero Engine Solutions' commitment and promise of total customer satisfaction is met one customer at a time. Whether you're in our city, our state, domestic or thousands of miles away, we are here to assist you with resolution to any of your engine related builds or material requirements. With team members located across three continents, AES maintains round-the-clock coverage to support customers worldwide.

MEET OUR LEADERSHIP

Tyler Norman
CEO & President

Tyler brings over 20 years of Aviation Management experience to AES, including service as a Marine Sergeant with multiple leadership roles in a CH53E squadron and deployment in Operation Enduring Freedom. Before founding AES, he was a key member of the Intertrade/Rockwell Collins Engine Product Line and began his commercial career at AeroTurbine, Inc. Tyler also founded Aerospace Salutes, a nonprofit supporting veterans, first responders, and Gold Star Families.

Andrew McCain
COO & Partner

With more than 17 years of aviation experience, Andrew joined the AES team in February 2016 with a focus on operations and business development. Before this he worked with AeroTurbine for 8 years where he held positions in parts purchasing and sales, trading and leasing, financial analysis, and customer account management. He began his aviation career in the U.S. Marine Corps as a fixed wing mechanic and participated in the second Gulf War.

OUR PRODUCTS & SERVICES

COMPETITIVE ADVANTAGES

01

Product Knowledge

Aero Engine Solutions was founded in August 2015 by a passionate and dedicated team combining 100+ years of aviation expertise. We are trusted by well-known airlines and MROs globally.

02

Privately Held & Self-Financed

Being a privately held and self-financed organization helps us gain greater control over the company's finances and operations, improves creditworthiness, and increases flexibility in decision-making.

03

Operational Expenditures

Our expertise in operations differentiates our position in the market and drives lower costs, which in turn provides better prices for our customers.

04

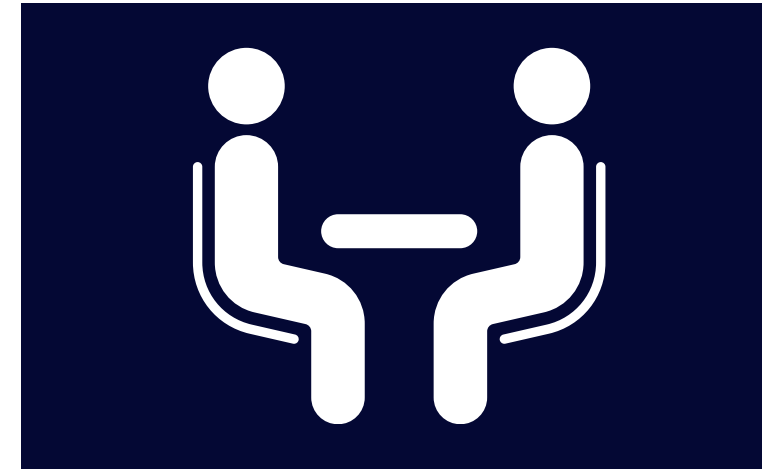

Locations & Facilities

Our headquarters and warehouse are in West Palm Beach, FL. We are easily accessible from Miami (MIA), Fort Lauderdale (FLL), and West Palm Beach (PBI) Int'l airports.
